PROFESSIONAL OVERVIEW

Passionate and dedicated software developer with expertise in web application development skills. Eager to learn, grow, and take on new challenges, I thrive in environments that push my problem-solving skills and technical abilities. I am always seeking opportunities to expand my knowledge, improve my craft, and contribute meaningful solutions. My goal is to continuously evolve as a developer while building impactful applications that make a difference.

EXPERIENCE

Junior Developer Intern

MTN RWANDA, Kigali Rwanda | May 2019 – March 2020

- Contributing to front-end projects using HTML, CSS, JavaScript, and relevant libraries like React.
- Gaining experience in identifying and resolving bugs in the system.
- Using Git for managing code changes and collaborating with the team.
- Assisting to integrate third-party services and work with RESTful APIs and test them using Postman.

Covid-Youth Volunteer Web Developer (Remote)

REB, Kigali Rwanda | May 2020 – Jan 2021

- Role: helped in Building a central hub for COVID-related educational resources, guidelines, and updates for teachers, students, and parents. This could have included information on health protocols, government measures, and mental health resources.
- Technologies Used: JavaScript, Node.js, and simple static pages with HTML/CSS.

Full-Stack Developer (Remote)

Flower Child, Kigali Rwanda | May 2021 – June 2023

- Design, develop, and maintain our e-commerce website using modern web technologies (e.g., HTML, CSS, JavaScript, Nodejs, MongoDB).
- Collaborate with the marketing team to create visually appealing landing pages and promotional content.
- Develop and execute a social media strategy across platforms like Instagram, Facebook, Pinterest, and Twitter,
- focusing on creating and curating engaging content (images, videos, stories) that aligns with our brand and resonates with our target audience.

EDUCATION

Associate's degree

Centennial College, Scarborough Ontario.

Software Engineer

2021 – 2023

TECHNOLOGIES

Skills

NodeJS, ExpressJS, TypeScript, ReactJs, NextJs, SpringBot, Java Python, MongoDB, C#, Html/CSS, PostgreSQL.
